### **Awareness is the Key**

#### **Carol Jamrosz**

Vice President of Safety, Quality, & Training  
RGL Holdings, Inc.

The Forward Service Corporation would like to recognize Carol and Leicht for providing valuable forklift training since this partnership began in September, 2007.

Since this time, Carol, has led various training classes whose participants have been enrolled in Forward Service programs, along with individuals from the general public. Some of the participants have been receiving housing and food assistance. This no cost training has directly assisted participants in gaining employment.

#### **Linda Hogenson**

Co-Founder  
Manna for Life Ministries

The Forward Service Corporation would also like to express their appreciation for the many services that Manna for Life continues to provide community members.

Forward Services has arranged work experience placements with Manna for Life since June, 2006. At Manna for Life, work experience participants have added, not only to the quality of their job skills, but also to their overall life skills. Manna for Life is able to offer a variety of work experiences in a nurturing yet structured work environment. Participants have remained volunteers after finding paid employment.

*Forward Service Corporation exists to meet the needs of disadvantaged, unemployed, and underemployed by providing employment, education, and support services.*
